SPECIFICATIONS	
Product Code	Eo-SMD T8 1500-24
Colour	White
Power Consumption	24W
Beam angle	120'
Operational Voltage/ Freq	240V, 50 -60Hz
Colour Temperature	Warm White 2700-35000K Cool White 4000K, 5000K Daylight 6000K,7000K
Intensity of Light Output	2400- 2600lm
Power Factor	>0.90
Operating Humidity	>95%
Operating Temperature	-20' to 50' C
Effeciency	100 lm/watt
Housing	Aluminium & Thermoplastic
No. of LEDS	400 x SMD
Expected Life	50,000 + hours
Housing	Aluminium
Net Weight	545g
Warranty	2 years (optional 4 years available)
Compliance	C-Tick- Conforms to AS/NZS CISPR15- compliance No. BST10120119Y-1EC-6 EPCS (Electrical Product Certification Services Australia) electrical compliance SGS No: 100839 complies with AS/NZS 60598.2.1:1998 with AS/NZS60598.1:2003 and IEC 61347.2.13::2006 and 61347.1:2002 (certified 5 th Jan 2011 expiry 4 th Jan 2016)

Packing /Shipping: Carton 160 x 25 x 17cm , 20 pieces, Gross weight 12.6Kg

Specifications subject to change without notice
